

Go-Ride Racing Event Report – Saturday 17th July 2010

The rain stopped for Lakeland Sprinters first Go Ride Racing event at Cleator Moor last Saturday. Go-Ride Racing is British Cycling's exciting entry level competition programme which offers local competition for novice cyclists under the age of 16, helping young people make a gradual transition into competitive cycling.

The youngsters, aged from 5 to 14 raced on their mountain bikes round Cleator Moor Sports Field. Each youngster had four races of different lengths, counting towards their overall position. This was followed by some entertaining fun events including the slow bike race where the last person over the line wins.
